Guide Dog Puppy in Training

Guide Dogs of America

Grayson from 10 Months to 15 Months

Chapter One

Grayson is going to GDA College!! Thanks for your Support Sepulveda Building Materials!

Big Thank you to Sepulveda Building Materials!!

Hi Everyone! Well I am now 15 months old and I just found out, I was accepted to GDA college. I start formal training on July 14th. I can't wait! Boy does time fly. It seems that my puppy raisers just picked me up!

Grayson at the Fullerton Train Station!

Grayson at Ride For Guides-Stop#3

Grayson Giving Back to the Community!

This is my good friend Rachel. I was at Albertson's Grocery Store to support Rachel, who through Canine Assistants, will be receiving a seizure dog. Rachel is also a puppy raiser for Guide Dogs of America, so we were happy to be there to help support her and meet all of her new friends! I made the Long Beach Press Telegram newspaper with this picture! My puppy raisers say I am a ham, but I really try to be serious when I get my picture taken!

Grayson just having fun!!!

My puppy raisers say that I am not too fond of water, which doesn't make sense since I am a Lab. Honestly I don't really enjoy it and I would rather have the girls chase me everywhere. In this picture Bristi is in the pool. Murphy is playing with the hose!!

You remember Murphy of course. We really have fun. Murphy says Hi to everyone at Sepulveda! She loves being at home and when I go to GDA College, Murphy is going to get certified to be a Therapy dog. We think she has potential and we know she loves children and she loves to hug people, so we are hoping she wants to work part time in children's, senior or veteran therapy programs.

Thank you again everyone at Sepulveda Building Materials. I will do my best to graduate and make you proud! I hope to come bye and visit you before I go in to formal training! See you very soon!

With Much Love and Appreciation,

Grayson
