Sepulveda Building Materials Charity Golf Tournament

**At 7 months old she loves her walks
She trots on and on for many blocks**

**We practice her sits, her downs and her stays
She does quite well with lots of good praise**

**She's out and about experiencing many things
Maybe we should get her some doggy water wings**

**She went out on a boat up in Big Bear Lake
No seasickness at all, not even a stomach ache**

**She's a messy eater,
this I must say
A 'Food Flinger' she is
so stay out of her way**

**Upon arrival at work she
gets a nice treat
Waiting patiently for her
command, it's so sweet**

**To Sepulvedas Golf Tournament she did go
Meeting golfers galore and lots that are pro**

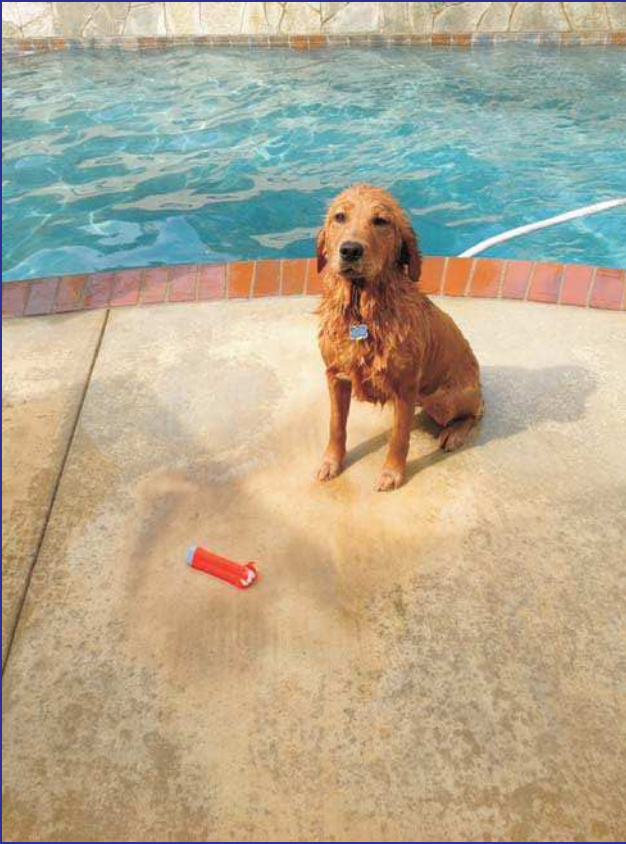

**Taking pictures with foursomes, it was nonstop
Good training for her and a great photo op**

**Out to restaurants, cafes, lots of places around
A place in the corner is where she can be found**

**She knows her routine and does as she should
Folks all around can't believe she's so good**

**Remember it's not all work and no play
She gets plenty of fun time when she's not away**

**The pool is one of her favorite places to be
Where she can play and be completely free**

**With the past summer being to hot
The pool is one of her favorites spots**

**Her desired toy is what she'd fetch
Swimming vigorously so she can catch!**

C'mon in.....
The water is **GREAT!**
