All about Lynk!

by Lynk

Hi Everyone,

My name is Lynk and I am a German Shepherd Black and Tan puppy in training from Guide Dogs of America. My puppy raisers are Dave and Pam McKenzie and we live in Lakewood. Dave is in construction and Pam helps people make sound financial decisions.

I came home with them when I was seven weeks old and I will live with them until I am about 16 months old, then I will go back to Guide Dogs of America for my formal training.

Dave and Pam are teaching me basic obedience and how to be a good puppy when I am out in public. I go to work with Pam every day at her office and I get to meet her clients and everyone that she works with. As I get older, I will also go to work with Dave and work on some kitchen and bathroom remodeling projects.

Right now I have not had all my shots, so I am not able to go very many places but on February 1st, I will have all of my shots and I can start going to a lot of fun places and I will let you know about all of the things I will be doing.

At home I live with three older dogs and two cats. I am learning that cats don't particularly like to be played with and one of my lessons is to be nice to them.

I am also learning how to be nice to my new dog family. I can be kind of a pest, but Augie really likes me, so we have fun playing all the time.

Murphy says Hi to everyone at Sepulveda Building Materials. You sponsored her when she was in training but she decided she just wanted to stay home and be a couch potato.

Now I have big shoes to fill. Dave and Pam raised Grayson, who Sepulveda Building Materials sponsored in 2012. Grayson is now a working Guide Dog up in the Pacific Northwest, but he comes and visits Dave and Pam often. Grayson may be coming for a visit soon, so we will get lots of pictures for you. I hope I can be a great Guide Dog like Grayson one day.

I want to Thank You for your sponsorship and for your ongoing support of Guide Dogs of America. We would be lost without you!!
