

THE DETAILS OF DAX!

Hello! My name is Dax, puppy in training with Guide Dogs of America. Join me on my journey!

Thank you Sepulveda Building Materials for sponsoring me and for your generous support of Guide Dogs of America!

GOING TO MY PUPPY RAISERS!

- Covid Drive By Pickup
- I was born on March 19th, 2021, one of 9 puppies of a litter in Sylmar, CA at Guide Dogs of America. Each litter is assigned a letter of the alphabet, mine was the letter "D". Every puppy raiser gets to pick the name as long as it is not in use by a current working Guide Dog. All of my brothers and sister's names begin with the letter "D". My family found out that they were getting a male black lab and that they could call me Dax. My new family drove by the GDA nursery, stopped the car while GDA staff loaded up food (thank you Sepulveda Building Materials!), a welcome home bag with toys and other goodies, and then me! I went home with my new family on May 14th.

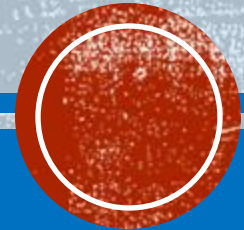

BECOMING A GUIDE DOG!

- Here I am looking very serious for a formal portrait at my puppy kindergarten class. I have been busy learning basic commands like sit, stay, down, leave it, get busy, and other things I need to know!

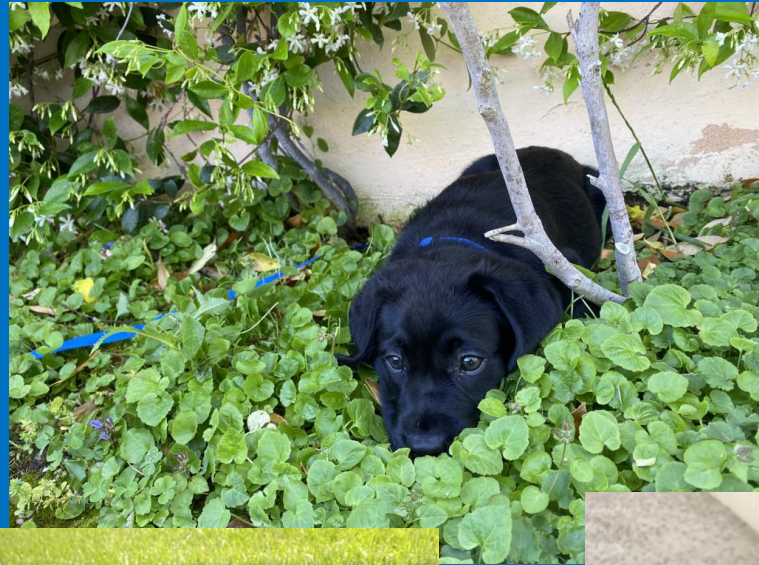

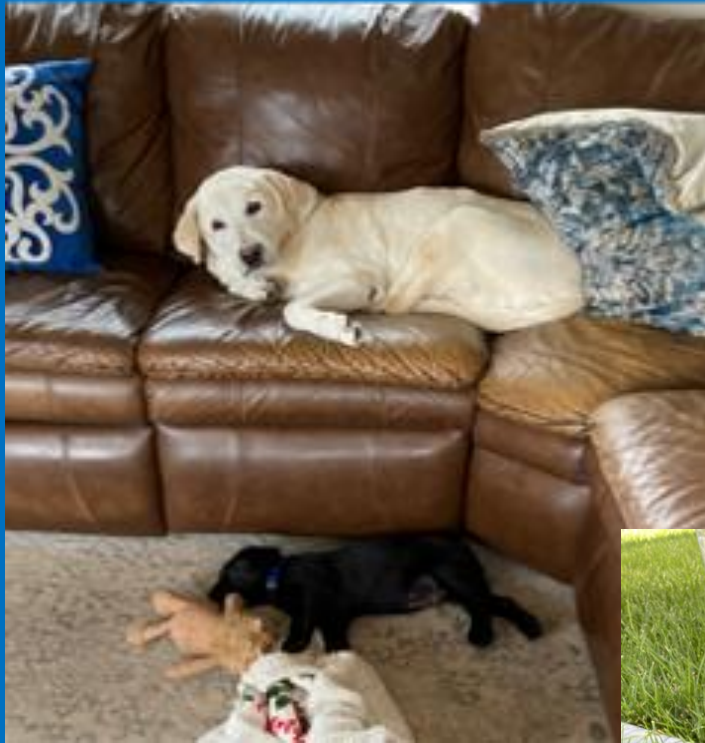

**WHEN I GET BIGGER I WILL
GET TO GO TO HIGH SCHOOL
WITH CHRISTINE AND GAIN SO
MUCH EXPERIENCE WITH NEW
