

Dear Family,

I am writing to update you on my progress in service dog training. This month, I primarily focused on learning... GET IT, GIVE IT, BRING IT, LEASH. These all have to do with the retrievals. My human tells me this is very very important, because I need to know how to help the possible small human or veteran.

Some other things that I am learning include... PUT and deliver. 'Deliver' is a big behavior my human says so we are spending extra time on. We are then going to work on 'PUT' which we use to PUT things wherever my new human is going to need.

I am good at... all things that I am taught to do... cool well that's what my human says.

I am having challenges with... Deliver because I can tend to get a tad bit over excited but my human is definitely helping me through it.

I have the most fun when... when I am with my human because he is great or when I am playing.

My favorite toy is... I like every toy but the red lobster that is flavored like beef is pretty good

Wags & Kisses,

One, only dumpling
