

Dear Family,

I am writing to update you on my progress in service dog training. This month, I primarily focused on learning... "Focus", which is when my human ask me to rest my head on his knee or thigh. "Step," is when cued i walk up or down the stairs with my human.

Some other things that I am learning include... "HuG", which is when my human or another human sits down on the floor and i will rest my head on there shoulder, left or right side.

I am good at... Everything my human say's, but it's the love i have for anyone who care's for me.

I am having challenges with... well well well, its my "deliver". my human loves my eye contact but this is where it works against me, because right after i "deliver" i turn around so fast to look at him i can miss my target. so i am still working on this.

I have the most fun when... i'm playing or when my human gives me all of the attention in the world and that's my fun.

My favorite toy is... my Red lobster that is beef flavored and any toy available.

Wags & Kisses,

one 'only
