# Faith Grows

Faith extends weekly greetings with a young Parishioner.

# Behind the Scenes at Dodger Stadium

Faith and several other puppies went on a behind the scenes Tour of Dodger Stadium.

# Faith's 1<sup>st</sup> Diploma

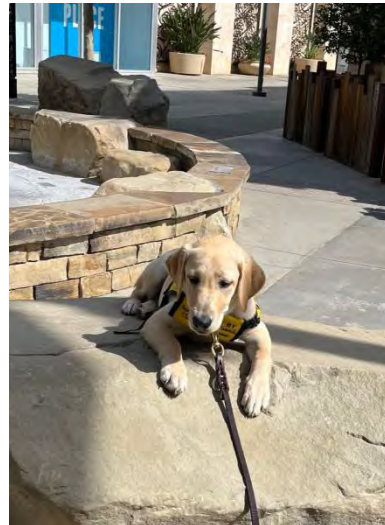

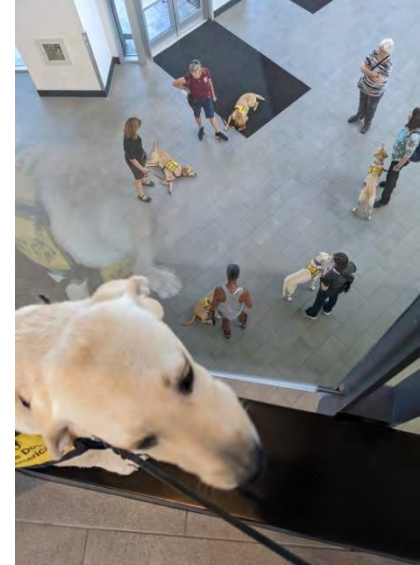

One of Faith's accomplishments this quarter was to take an outside of GDA basic obedience class where she could practice her skills around other dogs. There were another couple of GDA pups but there was also a Beagle, and a Brittany Spaniel to work around. She did great and was ready to now expand her world!

# Friday Morning Walks

Faith joins other puppies-in-training each Friday morning as her puppy raiser conducts special outing walks around the community. Here she works at the local mall with another handler to lead the group..

# Patriotic Pups

Faith is on the far left with her Friday Walking group of puppies.

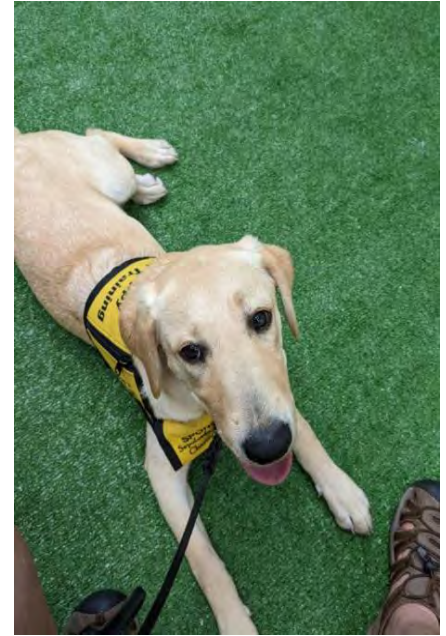

# More Mall Exploration

Faith

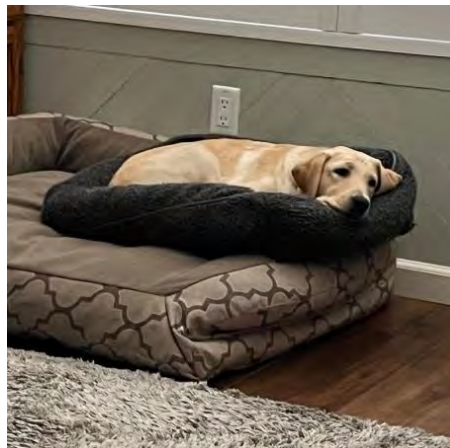

From tactile surfaces to noisy arcades, Faith takes it all in stride at summer mall walks.

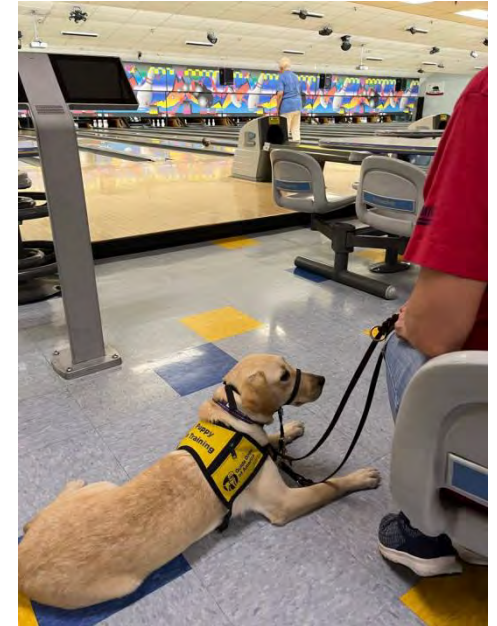

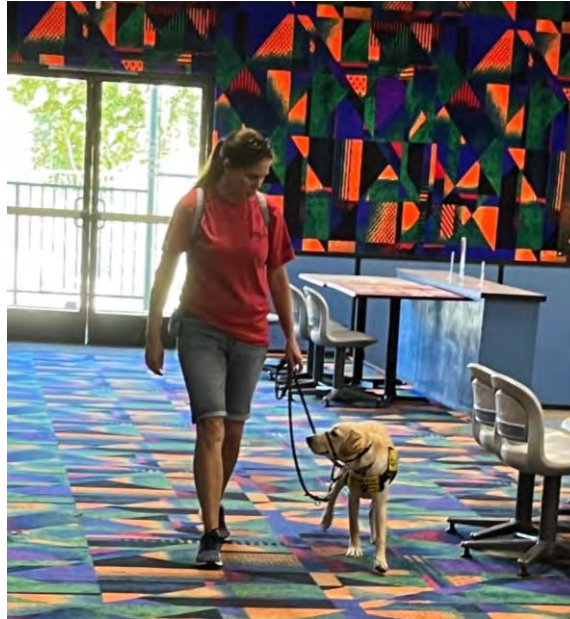

# Taking A Break From Exploring

Faith at home taking it easy.

# Puppies In The Alley!

At this stage of development there are so many worldly things to visit and experience. An early morning trip to the bowling alley provides some great experiences.

# Building A Better Dog House...

A Scavenger Hunt photo theme to find items for building a better dog house took these and other pups on a tour of a local DYI center. The objective was to work on different behaviors while searching through the store for different materials. It looks like Faith decided to take nap after visiting the spooky yard!

# Oh Rats!

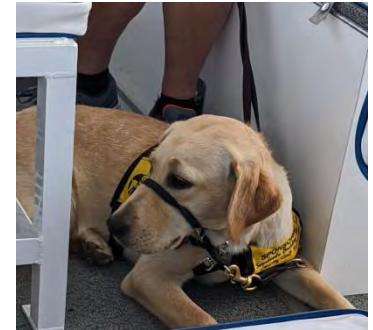

When a human relative comes over with their pet rats, a puppy just has to investigate!

# Water Taxi Rides!

Marina del Rey was the venue for water taxi rides. Faith found a seal lion playing in the water.

# Puppy Games

During the summer heat Faith and friends (even a bearded collie therapy dog that tagged along) played Capture the Bone as teams posed with their bone to “hide it”. They then exchanged pictures to find where the other team had “hidden” their bones and preformed a behavioral challenge and replicated the picture.

# Therapy Pup!

Faith has been accepted on the local high school and Jr High school campuses to augment the shortage of therapy dogs. She and a couple of her friends make weekly visits to schools to ease stress and tension.

# Puppy On Ice!

A trip to The Cube, the local ice rink helps beat the heat on a 100+ degree summer's day! Faith loved watching the Zamboni and exploring being on the ice as well!

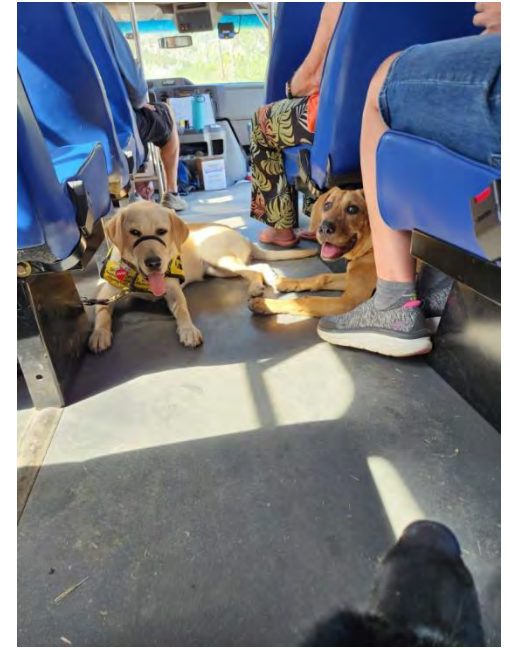

# Mammoth and Tahoe Trip

Faith took a road trip to Mammoth Lakes and South Lake Tahoe. She met a cousin, Grizzly, close to her age and they shared fun times!

# Shuttle Bus, Arts and Crafts, Bear Watching

# Halloween Fun!

# Thank You Sepulveda Building Materials!

Thank you for your sponsorship. We appreciate you! As Faith continues to grow and learn we all look forward to what your sponsorship will enable these remarkable dogs to do in the future for others, making the world a better place!
