

Fina, Chocolate Lab

Guide Dogs of
America, Puppy in
Training

Puppy Pick-up day: 09/11/15

Fina's Brothers and Sisters:
Fletch, Franklin, Fiona, Felix, Fina and Flynn

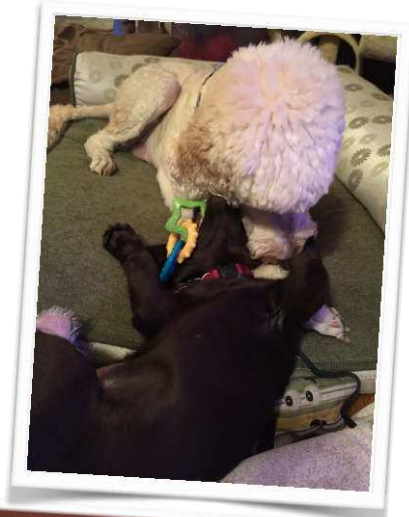

New Explorations

Fina experiencing her new life

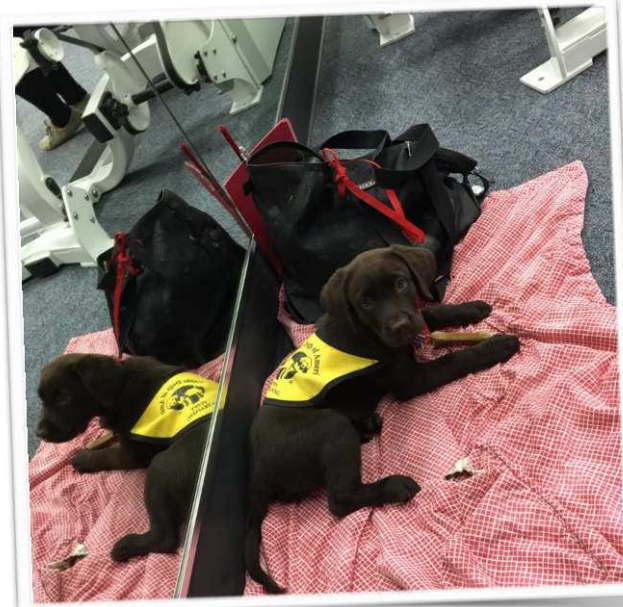

New Family Members

Teddy, Standard Goldendoodle, Socks and Scraps, cats.

Fina was about 8-weeks old when we received her. We are limited to where we can take her until she receives her 16-week vaccinations.

I do feel safe allowing Fina to walk around California State University, Northridge (CSUN) where I work. Very few dogs visit the campus so there is less of a possibility of her catching a virus.

Fina is well behaved at my exercise class. Everyone is amazed how well she behaves especially for a young puppy.

Fina sits nicely next to a poster named "How well do you know LA"? For Fina not very well yet, but she is learning and getting ready to explore LA!

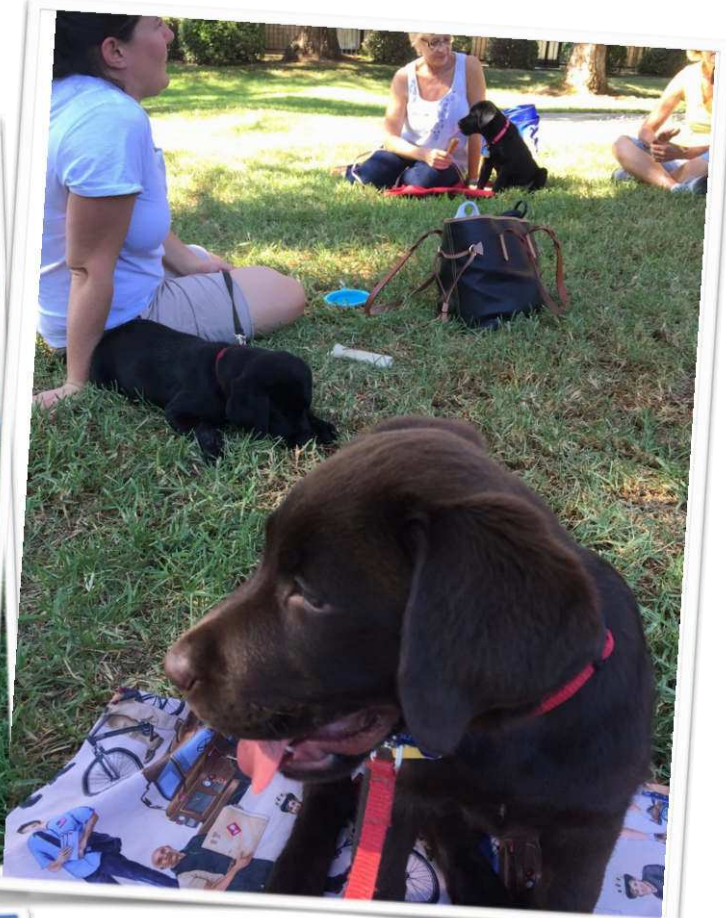

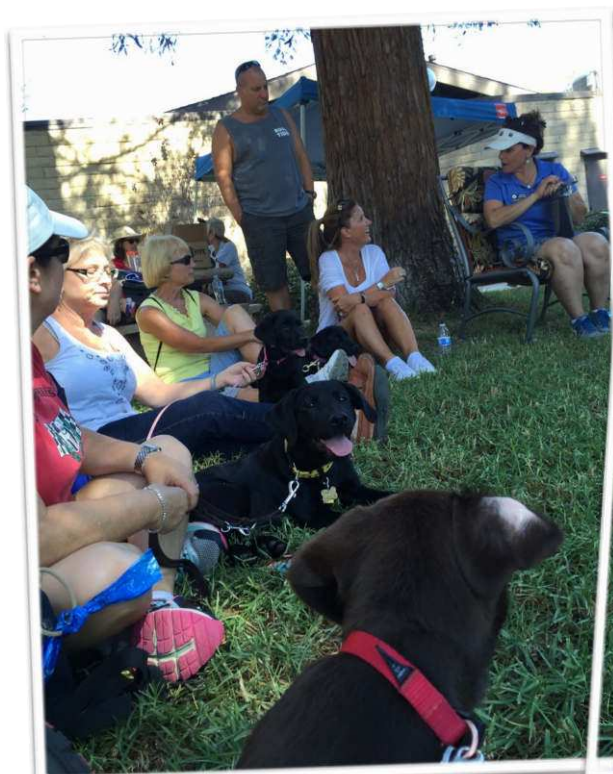

Fina with Mattie the Matador CSUN's Mascot.

Fina with a CSUN student with her guide dog from Guide Dogs of America.

October 10, 2015 GDA puppy class for puppies
8 -16 weeks old

Fina with her future GDA Guide Dog Trainers.

Puppy class is exhausting at this age.
Time for my beauty sleep.

We attended the GDA Graduation on October 18, 2015.

Fina was a "Hit" at the graduation because she was the youngest puppy at the graduation and/or that she is a Chocolate Lab. She did very well at this event.

The three colors of
labs represented
here:

top Yellow,
middle Black, and
bottom Chocolate

Dodger, Guide Dog and Fina

Elena, Guide Dog, Karla and Fina. Elena was also
a Sepulveda Building sponsored puppy

Represented here is Curri, Black Lab, Fina, and Nikki,
Yellow Lab and GDA breeder.
