BUILDING MATERIALS

Hi Sepulveda Building Materials. I am Finley. A beautiful yellow lab female, puppy in training. I was born on June 24<sup>th</sup>, 2020. I have 8 brothers and only 1 sister! Only two of my other siblings were yellow, the rest were all black. My mom's name is Dayna and my dad is Darby.

Both are black labs!

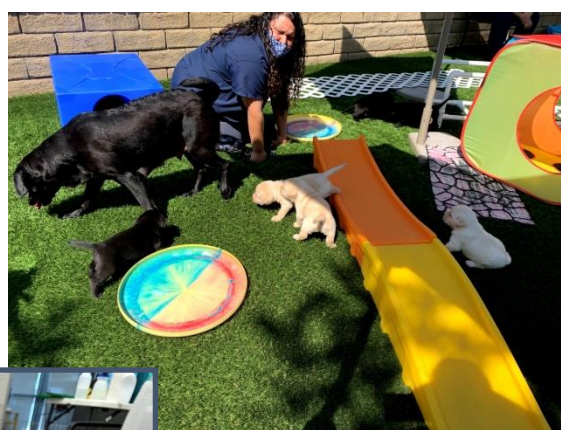

Because my puppy raiser "knows" some people, she was able to get baby pics of me! Here I am with my siblings and my mommy. About 2 weeks old. I am the lightest yellow one.

I was lucky to experience Guide Dogs of America's Headstart program. Headstart is an extension of pre-school, but I was able to learn how to be on my own a little bit more. I started to really learn my sits, down and stand commands. Plus, I got to walk on a leash with a new handler each day. Here are some photos of my time when I was seven weeks old. Mostly of me playing with my siblings or chilling. Nevertheless, I promise, we did do "Work."

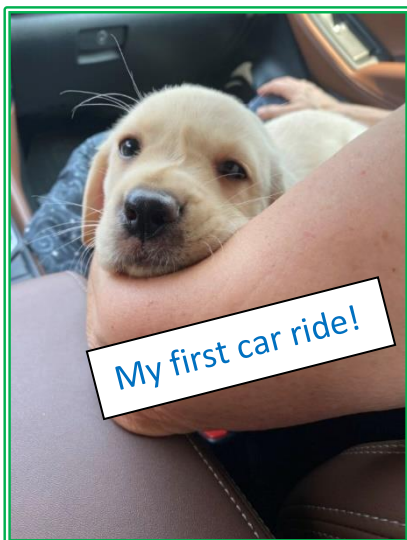

My first week home was actually not with my puppy raiser, but with a fellow puppy raiser. Diana took me home and she has two other fur friends for me to play with and learn from! I loved them. They made excellent chew toys. I even

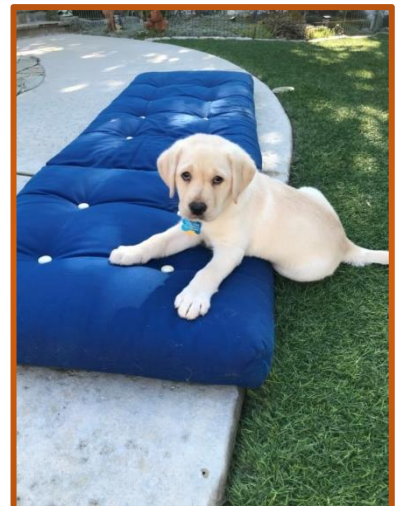

slept well through the night for her on the second night. We will not replay the first night, as it was a little scary for me... I missed my siblings. However, I have grown to be a more independent puppy and love being the queen of the house!

I think I wore them out!

My first car ride!
