Most of my time was in the AC

This past month we learned about first aid and Dad bandaged me up.

I had to go to a meeting at the Mission Viejo pool, but could not go swimming

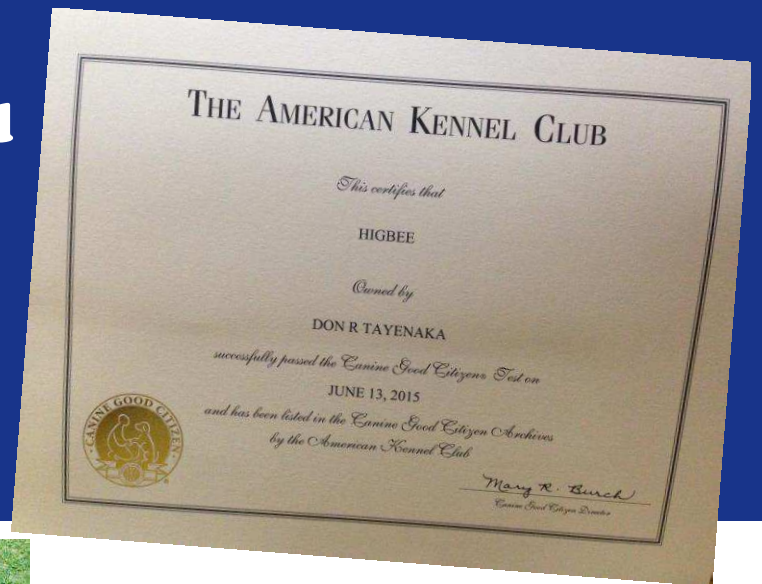

I hope the new puppies are enjoying the new equipment that I took up to them.

It was so hot, I got to go to a swim party with a few of my friends, can you tell which one I am, I'm black and have four legs and a collar.
