

March 31, 2025

Happy Spring! Thank you Sepulveda Building Materials for sponsoring Ida and everything you do for Guide Dogs of America!

The New Year started off with a trip to Sepulveda, where Ida was able to meet staff and, of course, have her picture taken!

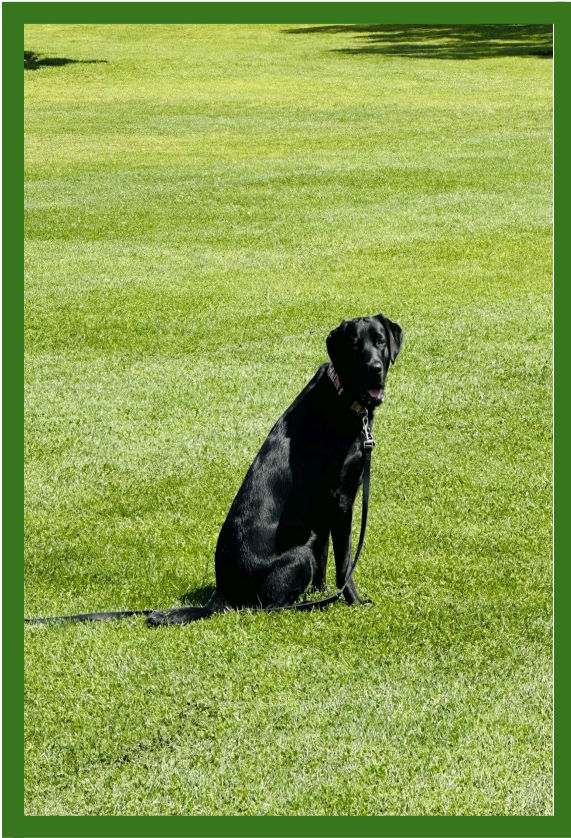

These first few months of 2025 have otherwise been all about training. Ida had her GDA 9 month evaluation in January and has been out continuing to hone all her skills.

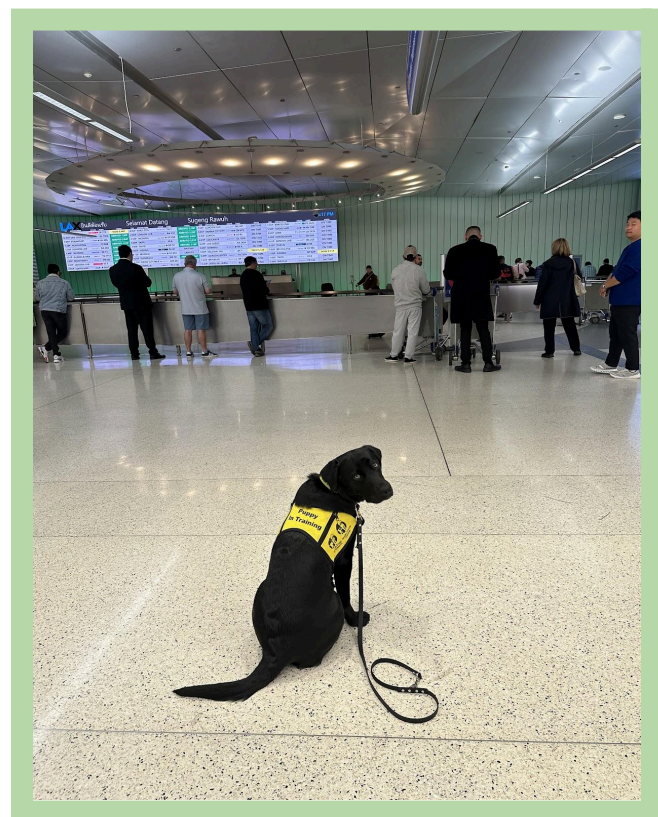

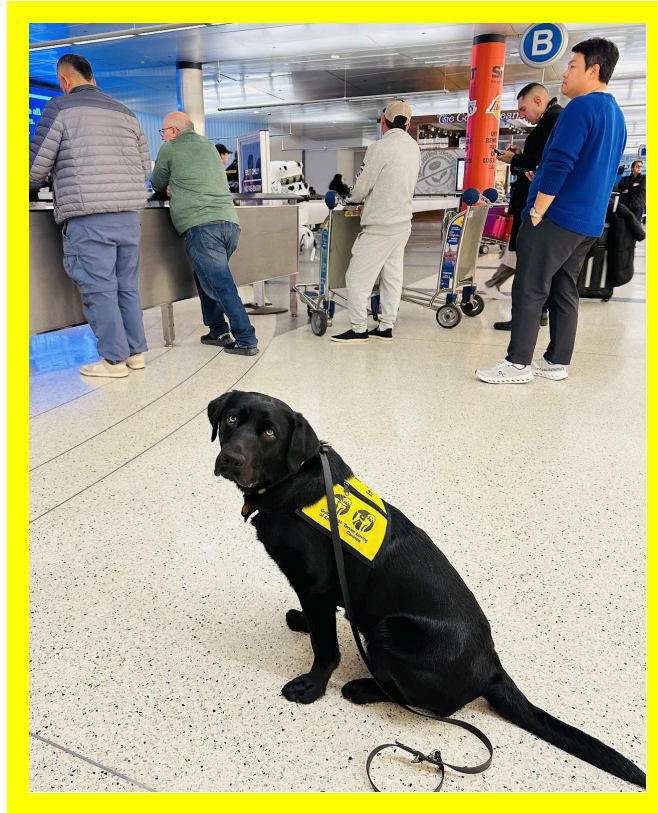

Lots of loose leash walking.

Stay with distance and duration.

Worked at LAX.

Practiced at GDA meetings.

And made several visits to the grocery store.

Ida did have time for fun...

She played pickleball.

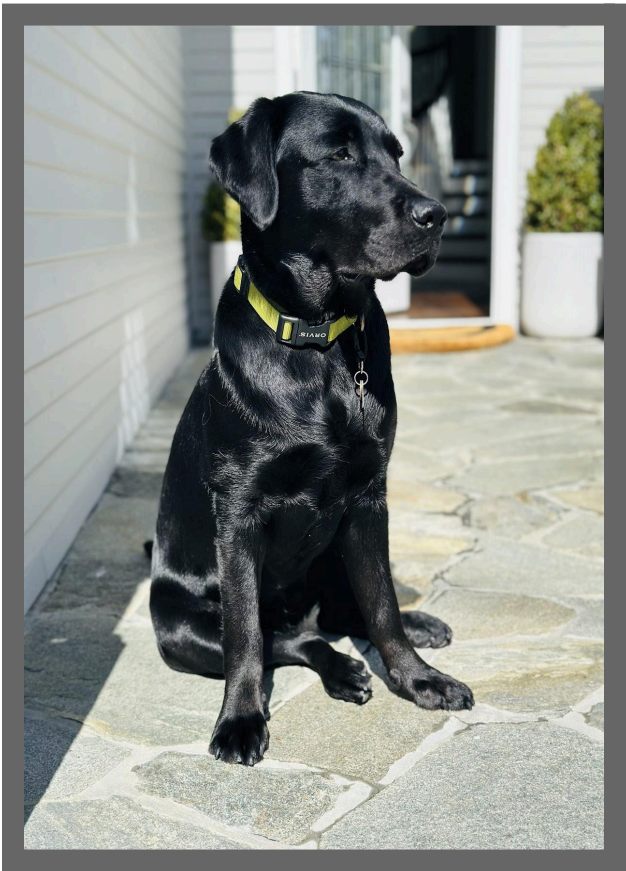

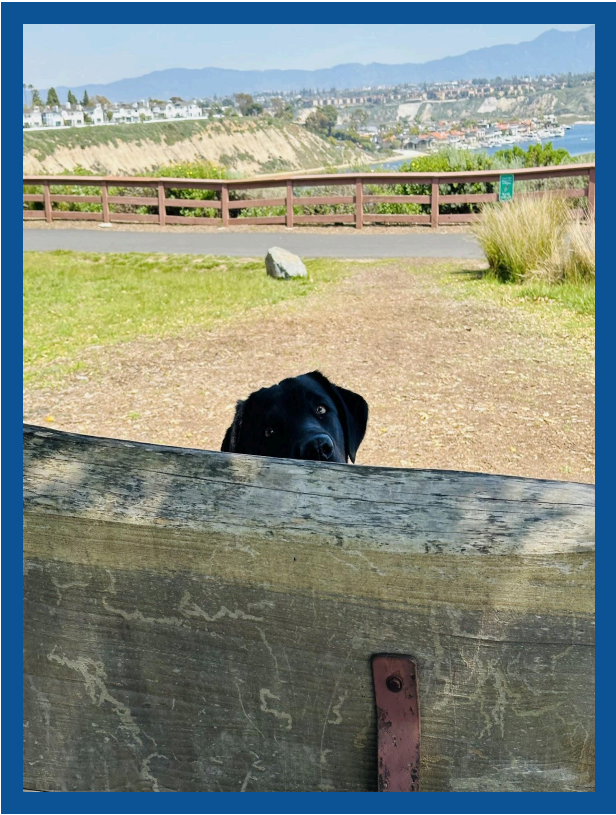

Spent time with friends.

Spent time outside.

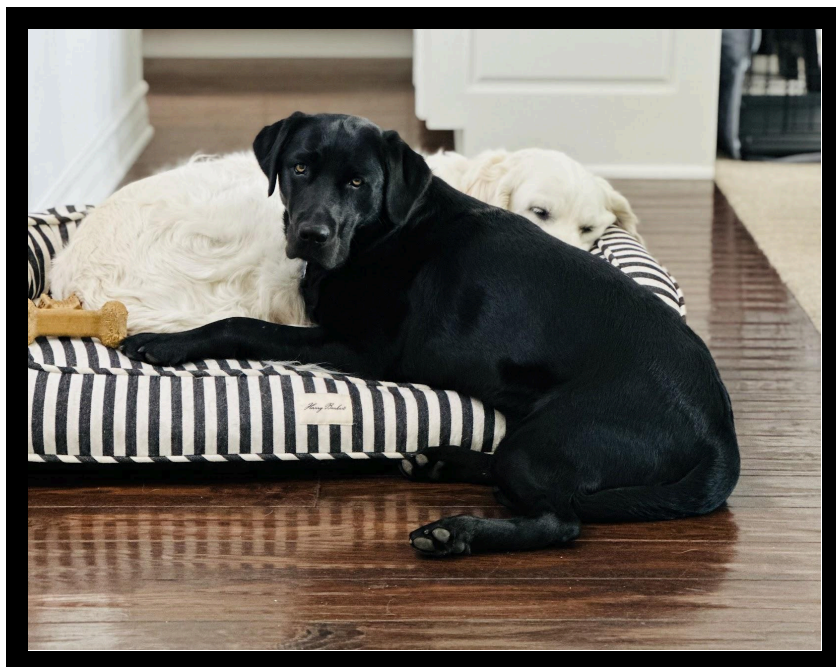

Enjoyed the views.

Participated in many, many games of tug.

And, tried to rest.

Thank you again, Sepulveda Building Materials! We sincerely appreciate your support!
