# JUST KEEP RAISING

3rd Edition

Featuring Jenny, Guide Dogs of America Puppy in Training

# OUR LITTLE EXPLORER

Jenny has become a gorgeous yellow Labrador! She is incredibly photogenic and loves to pose for photos. She had a fun day at the photo studio a few weeks ago!

# OUT AND ABOUT

- Sweet Jenny has had the opportunity to visit several fun, new, and exciting places. She has attended several movies, including Coco, and even a few live plays. She got to visit with fellow puppy raisers on Thanksgiving, and enjoyed several trips to the mall over the holidays. She is also a great GDA role model at doctor's appointments, work, and school!

# GROWING, GROWING, GROWING

Jenny is quickly growing and maturing into a beautiful dog. At 8 months old she weighs in at about 45 pounds, which is petite, but her size doesn't stop her from being Miss Personality!

## LEARNING AS A LION

- Jenny was Loyola Marymount's favorite lion! She attended class with her puppy raiser three times each week during her first semester at school. She handled each class like a pro! She will continue attending LMU in the Spring.

# HAPPY HOLIDAYS

Jenny posed for many holiday photos including this photo taken at the Harvest Festival Arts and Craft show. She handled the crowded art show like a champ and even got to pick out a new collar while we were there!

## JENNY'S FAVORITE FRIENDS

- Jenny is spoiled with love by all of the pups in her puppy raiser's family. She has two dogs, both GDA career change dogs, that she lives with, and gets to visit with a GDA retired guide in her extended family on a regular basis. It is fun to watch all four girls run and play together when we come together on holidays. She is definitely the life of the party!

# SUPPORTING GDA

- Jenny made sure to support GDA on Giving Tuesday in November. She has also been on her best behavior over the last few weeks as her puppy raiser spends time volunteering in the administration offices. Jenny gets to spend time in some of the administration offices and is loved dearly!

## THANKS FOR SPONSORING ME!

- "The last 3 months have been full of many amazing adventures. I am growing up fast and my puppy raiser tells me that I'm going to head to guide dog college sometime this year. I am always working on my behavior and obedience so that when I enter formal guide dog training I will be ready to succeed. Thank you so much for sponsoring me! I wear your name on my jacket with pride every single day!".

Love, Jenny
