

JUST KEEP RAISING

April 2018
Featuring Guide Dogs of America Puppy in Training "Jenny"
Generously Sponsored by Sepulveda Building Materials

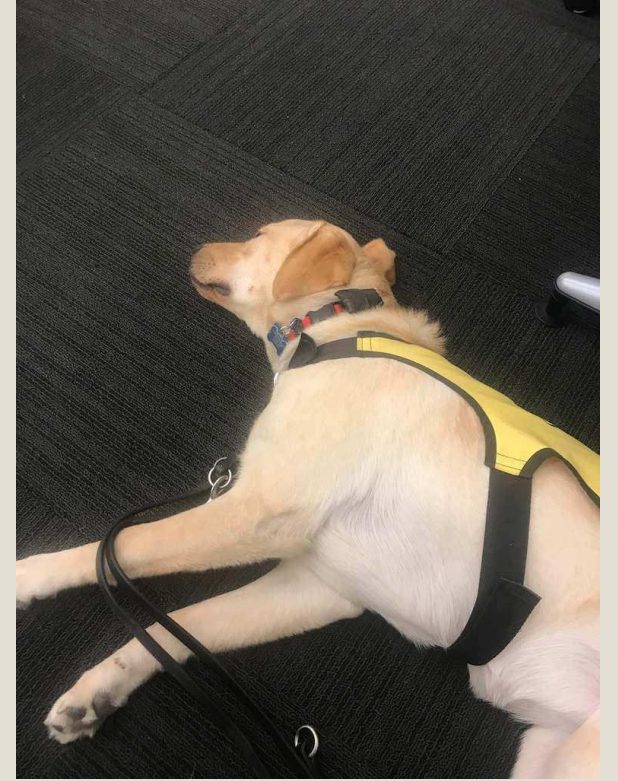

Jenny's Days as an LMU Lion

Jenny spends two days a week at LMU. She is a great role model for GDA! She sleeps through all of our classes and loves hanging out at the gym. We also go for walks around Playa Vista, so she is exposed to plenty of traffic and loud noises. She also enjoys spending time on "the bluff" which offers a gorgeous view of Los Angeles.

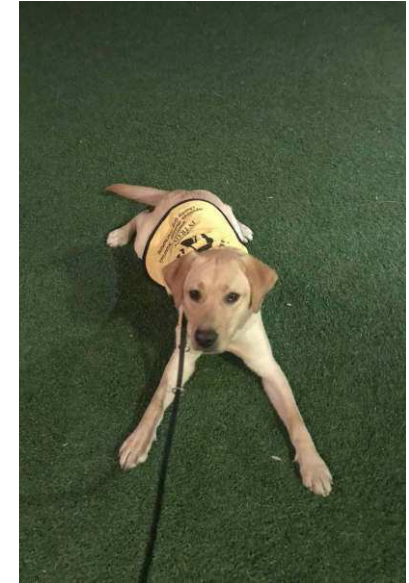

More Fun at LMU

As you can see, Jenny shows off her jacket every day at school! We are incredibly grateful for Sepulveda's sponsorship of our sweet Jenny.

Obedience Class

Jenny recently participated in a “Level 2” obedience class with other pups her age. We focused on basic obedience in new areas and with new distractions. Jenny did very well and was exposed to many things we don’t encounter very often which proved very beneficial. She will be completing another class and earning her Canine Good Citizenship award this summer!

Fun at the Pantages

Jenny attended two shows at the Hollywood Pantages Theater! She was on her best behavior. She slept through the first show we attended, but paid close attention to the second show. We sat in the very front row and the entire cast smiled when they saw our sweet girl watching their every move! She was only a few feet away from dozens of singers and dancers, including a scene where pillows were being thrown around, but never broke her “down stay.”

That Face!

Jenny is a gorgeous little girl and everyone that meets her loves her. She has a sweet face that makes everyone say “awww!”

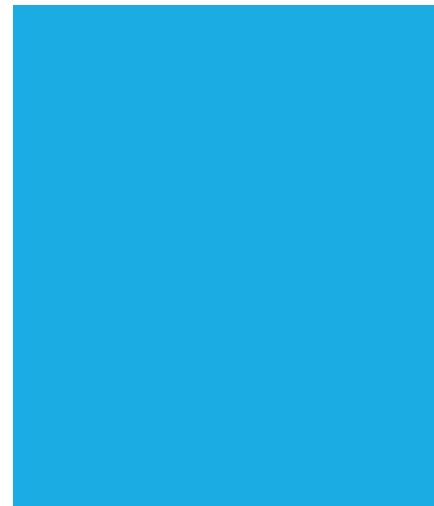

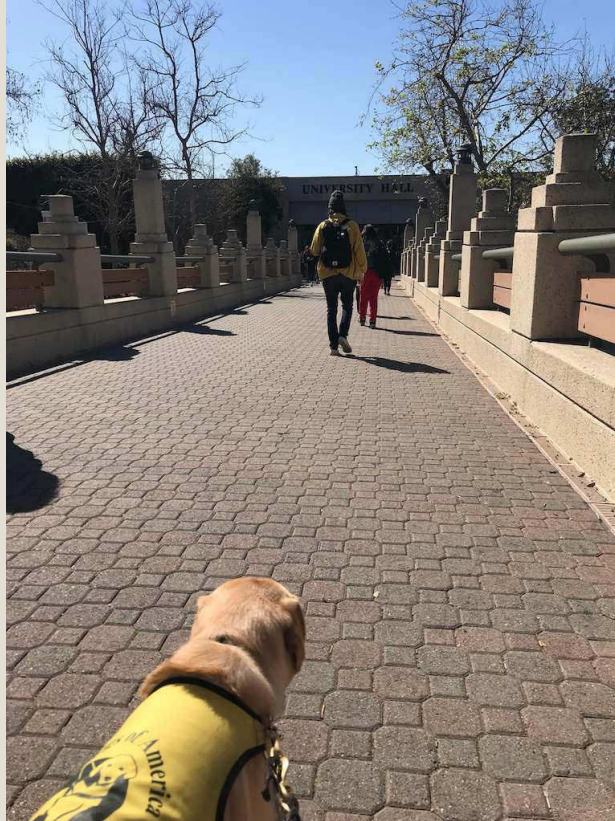

Universal Studios

Jenny recently spent the day at Universal Studios. She attended three shows and was on her best behavior. She attended the “Animal Actors” show which included dogs, owls, cats, bunnies, guinea pigs, and birds, and maintained a “sit” or “down” throughout the whole show. As you can see from the photo, she was quite interested in the owl, but didn’t break her stay! Some of the animals in the show even approached her, but she didn’t budge. We were so proud!

An Extended Stay at Camp GDA

Jenny came into heat in March which meant a 21 day stay at GDA. We were able to visit with her twice and volunteers worked with her daily. She really enjoyed playing with GDA's giant Kong toy. She asked nicely if she could have one for home, so when she returned there was a new toy waiting for her.

Finally Home

Jenny loved her stay at GDA, but was excited to be home and back at school. She was eager to see all of her friends at LMU and greeted them all with tail wags and slobbery kisses!

Union Station to San Diego

Jenny went on her very first train ride! She did great and nobody even noticed she was there.

Fun at the Beach

Jenny had a great time exploring San Diego. She played in the water and was able to work in different environments. She was exposed to many different dogs, kids, bikes, scooters, and busy sidewalks. She did great!

The End!
