

Thank you  
Sepulveda Building Materials  
for sponsoring me and giving  
me a chance to help someone.

MAMBA

October 2019

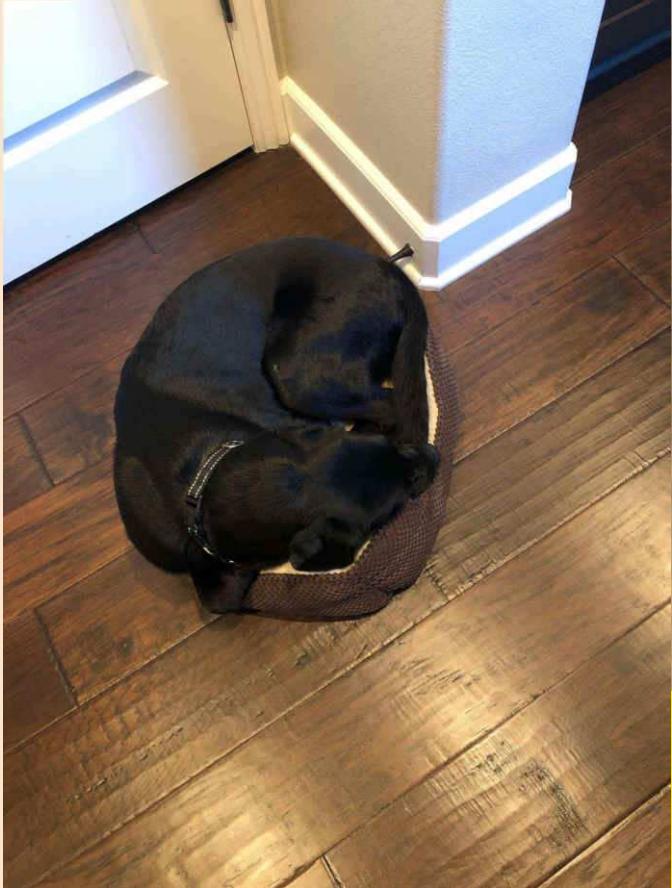

**MAMBA EXPLORING  
DIFFERENT SURFACES**

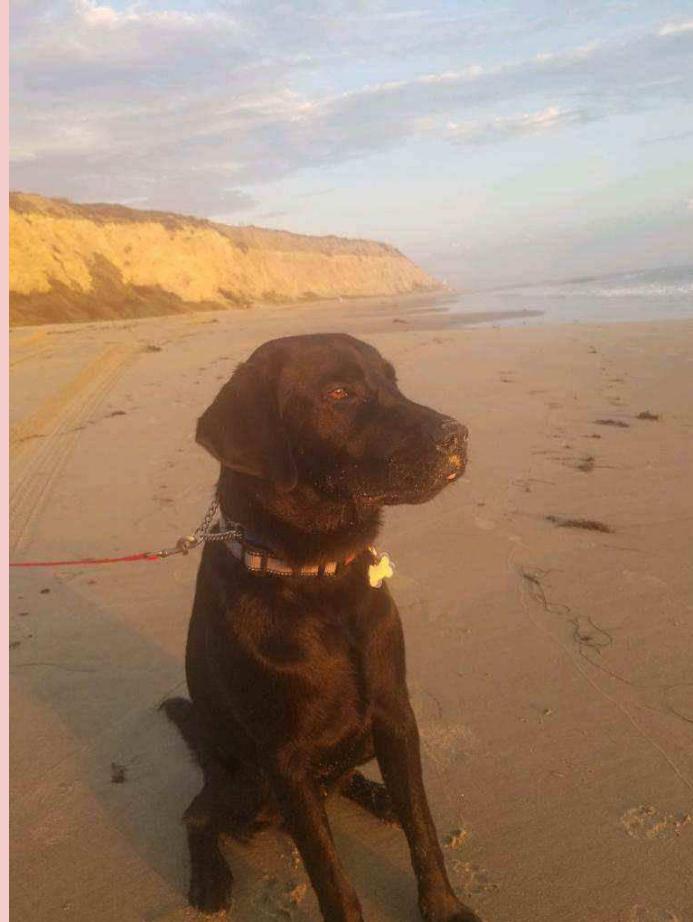

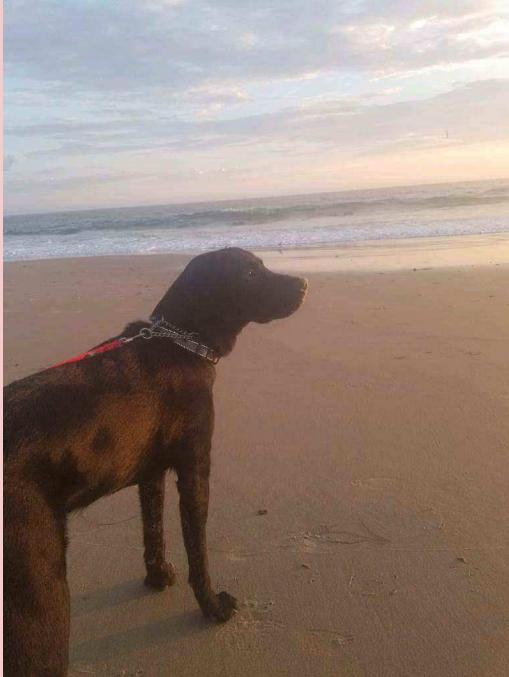

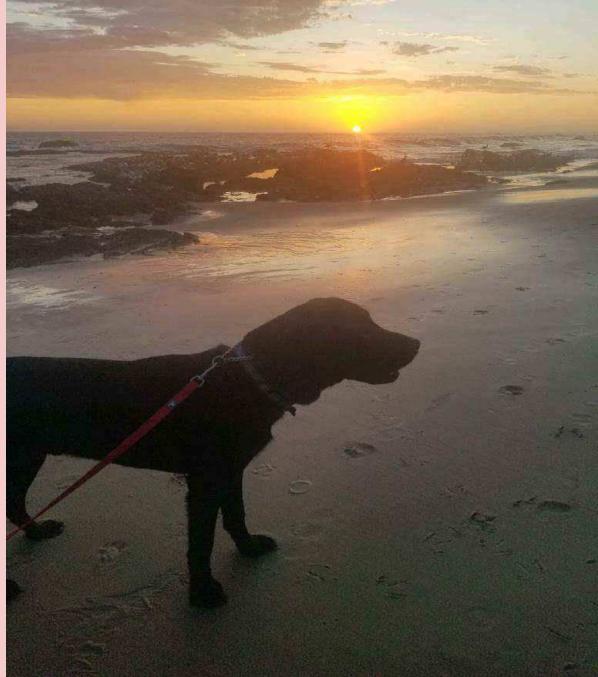

We spent a lot of time this month exploring different surfaces so he would be more comfortable.

We walked on dirt, rocks, grass, grates, and different mats and textures.

Still love my baby bed!

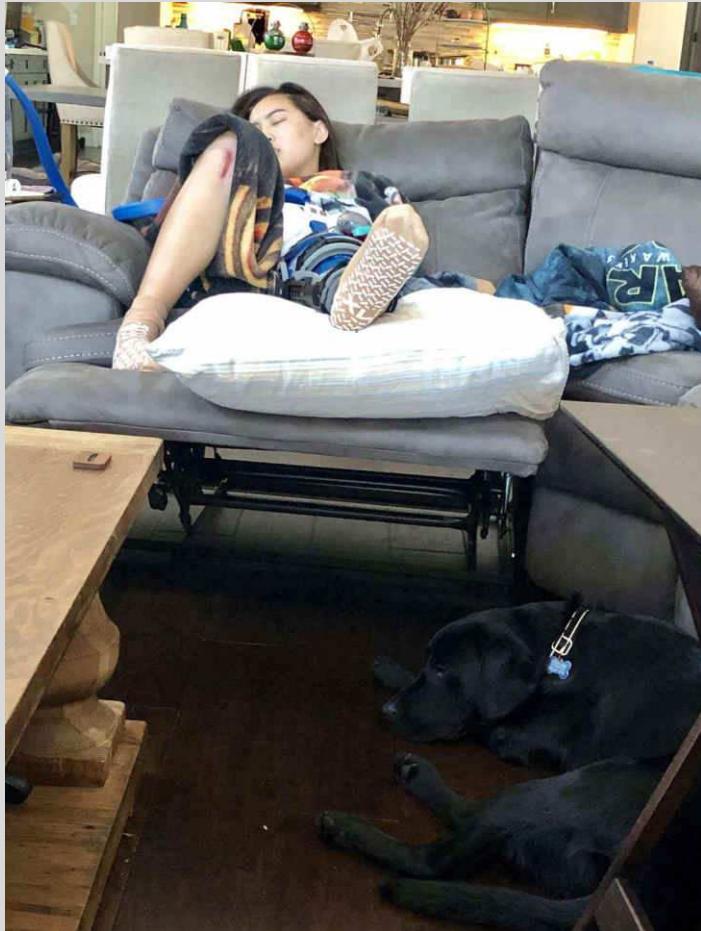

Crystal Cove Beach with my puppy  
sitters - I like the feeling of the  
sand under my paws!

As part of our advanced puppy kindergarten class, we did a puppy switch for about a week and I got to live with another puppy raiser. I got to go to a work in an office, a water polo game and even got to play in a kiddie pool in their backyard!

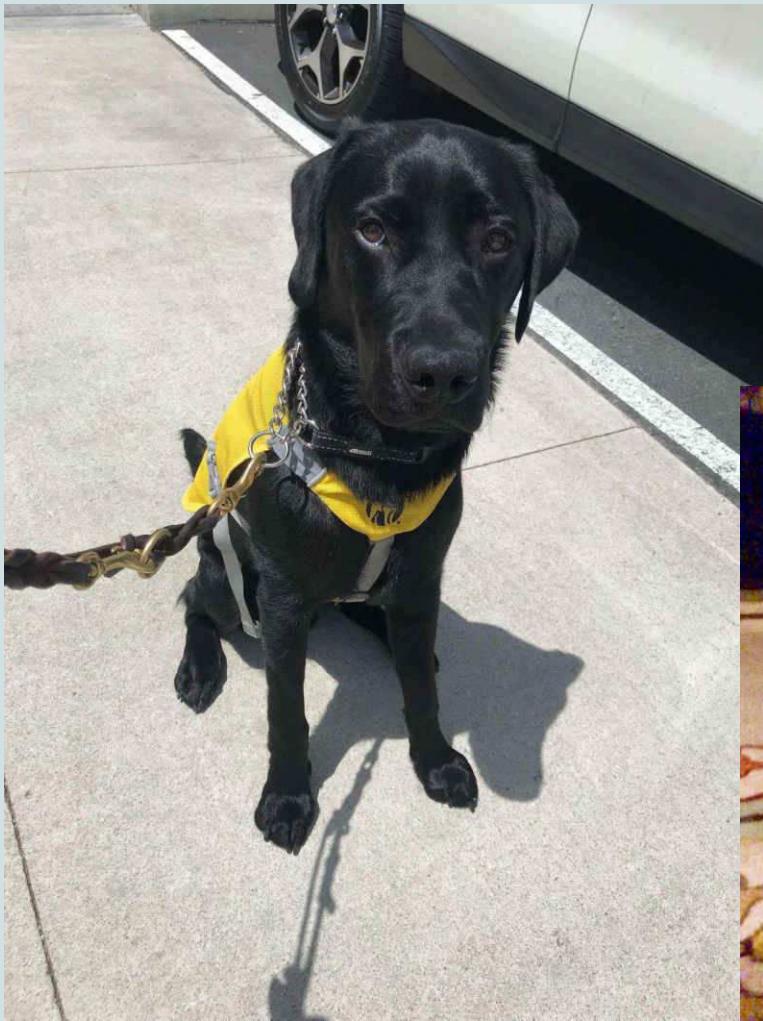

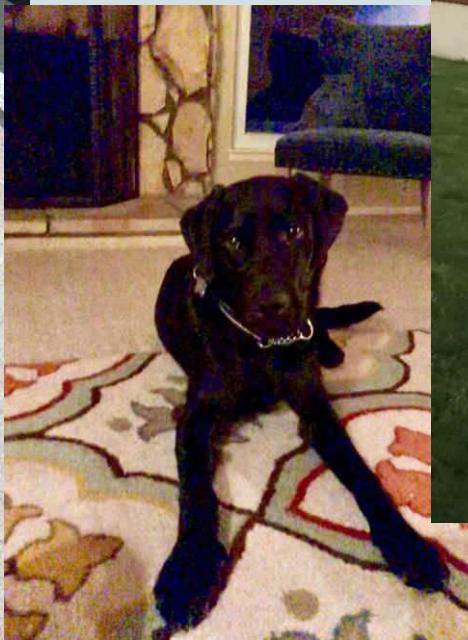

One of my humans got ACL surgery and had to rest a lot at home. I watched over her and kept her company to make sure she was ok.

I started Advanced Puppy K class where I am working on leash cues and more in depth work with proper greetings of humans and dogs, as well as my manners in a classroom. My teacher said I am doing great!

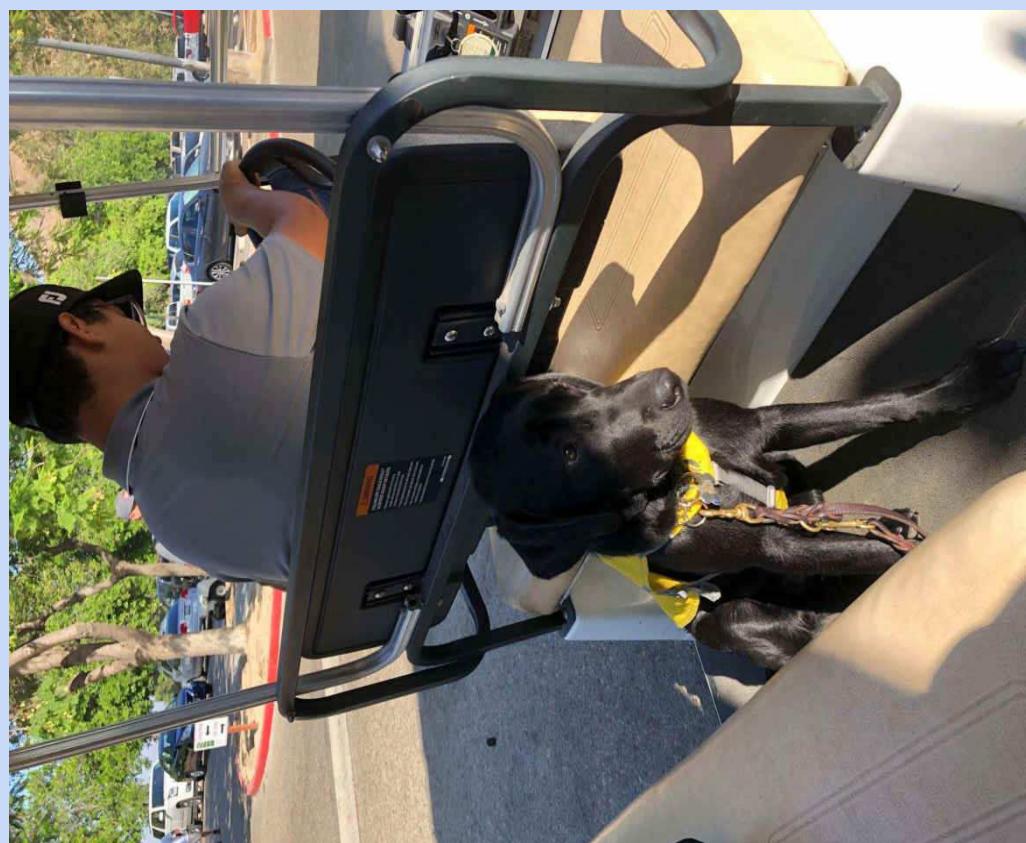

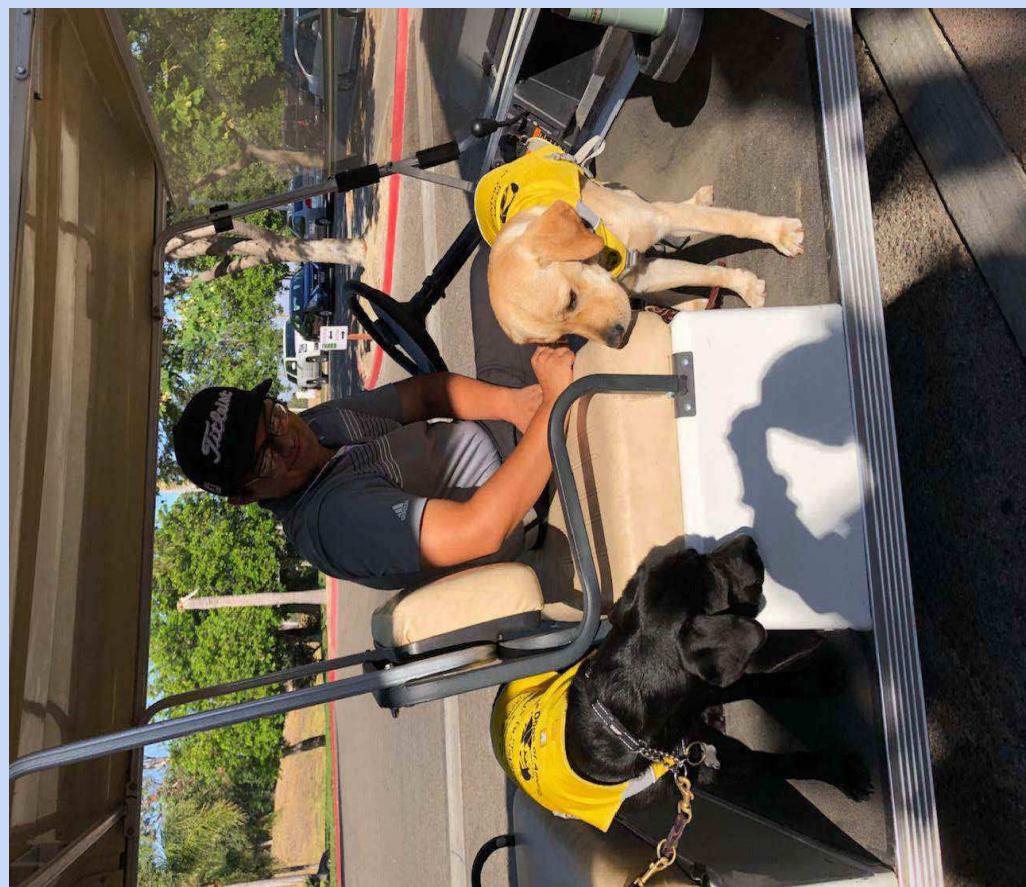

I also spent some time with another puppy sitter in Anaheim Hills - she said I was very very well behaved!

Thank you Sepulveda  
Building Materials for putting  
on an amazing golf  
tournament! We thoroughly  
enjoyed meeting all the  
golfers and spending time  
outside on this beautiful day!

Thank you  
Sepulveda Building  
Materials!!
