Happy Halloween - Monthly Meeting Fun!

**Spooky
Neighborhood
Walks**

**Spooky
Halloween
decorations did
not bother
Mamba at all!**

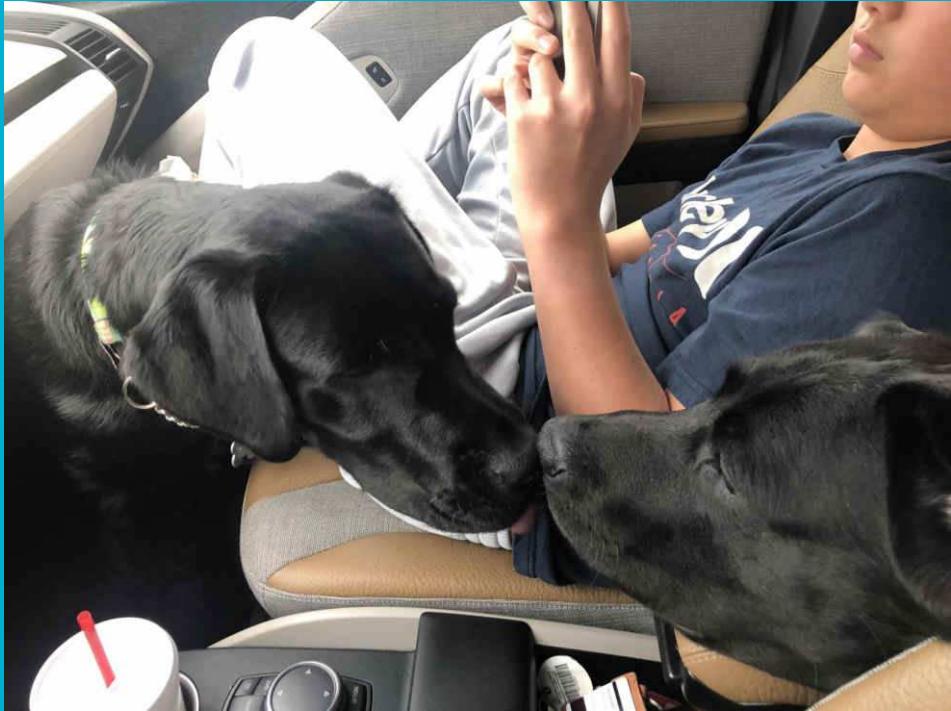

We visited an elementary school where Mamba sat patiently while the kids asked questions about GDA and at the end, he loved saying hello to the kids.

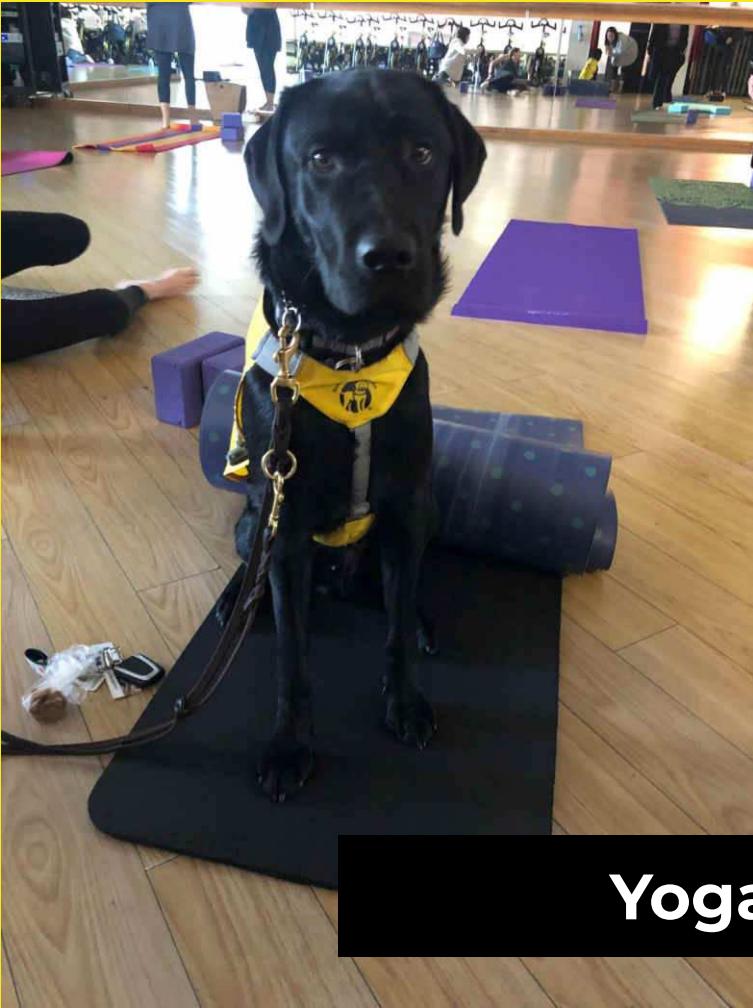

Just waiting....

Mamba is really good at settling and is so patient when accompanying us to meetings or when we eat out.

**These past few months have been spent practicing our manners around other dogs.
He is learning that it is ok to be interested in other dogs,
but he knows that he needs to be on his best behavior when greeting other dogs,
and only after we say it is ok.**

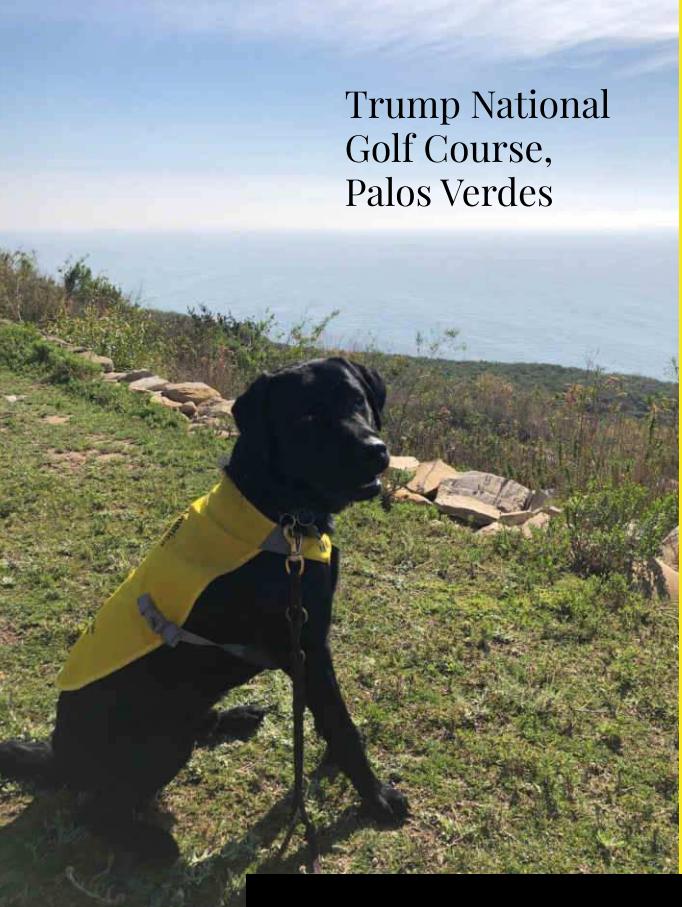

Yoga with Mom

Mamba is a VIP at the yoga studio. He knows right where to go and he lays down in his spot right away and does not greet anyone until after class when Mom says it is ok.

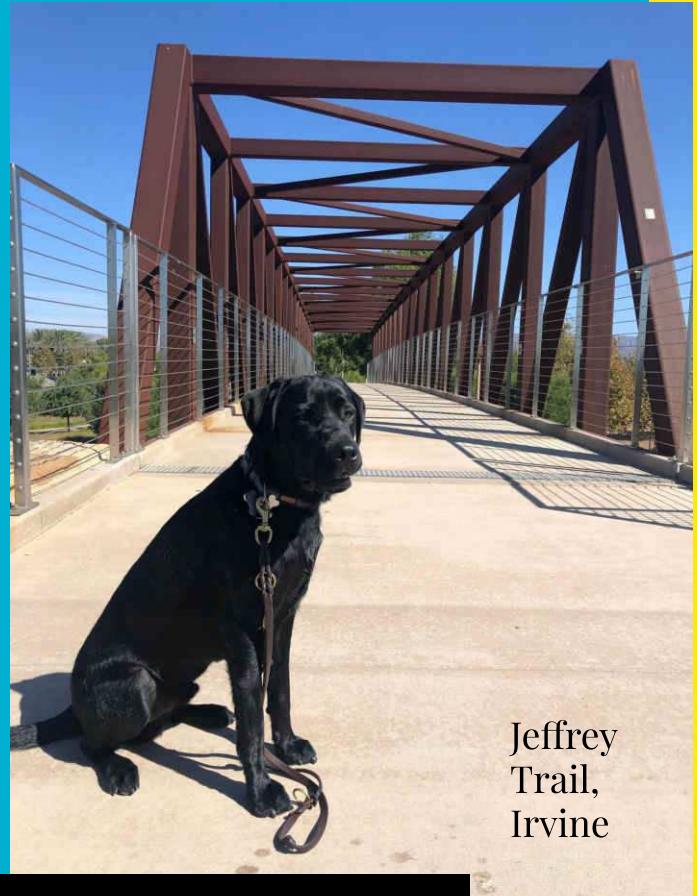

**His favorite pose is....
Yes, you guessed it....
down dog! :)**

**Mamba is also a VIP at our daughter's high school basketball games.
He usually sleeps through the games, but sometimes watches for a bit.
Everyone wants to sit near him and they are always amazed how well behaved he is.**

Mamba still loves to spread out his toys so they are easily accessible and he still loves his baby bed, but now it is more pillow than bed!

Happy
