NASH: PUPPY IN TRAINING

WITH THANKS TO MY SPONSOR
SEPULVEDA BUILDING MATERIALS

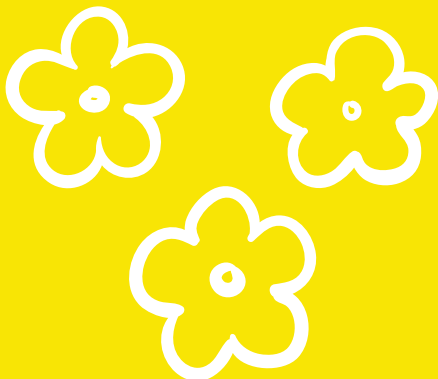

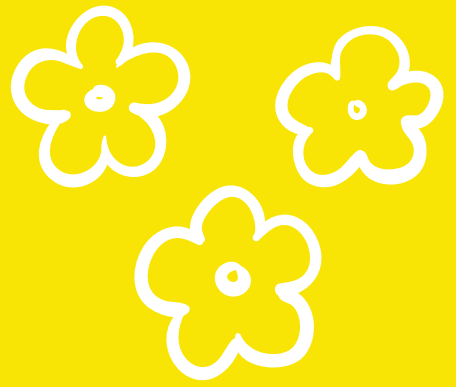

Dear Sepulveda Building Materials,

This will be my final report because I am going "IFT" on July 23! Mom told me that IFT is like when humans go to college. I will do my tests, decide a major, and meet so many friends in the dorm! But don't worry, I promised to study real hard and be a good boy.

Thank you for sponsoring me and following my journey. I am so grateful for your support and can't wait to show you what I do!

For now, take a look at my last few months as a Puppy in Training.
