

Dear Family,

I am writing to update you on my progress in service dog training. This month, I primarily focused on learning... How to walk on the side of a human. I use to always be so eager to be going so where anywhere that I'd walk out in front of my person now I've got it. Walking side by side is more fun. And I can't wait for us to try it. You'll like it too.

Some other things that I am learning include... When you want me to move to your left side just say heel and I do it. I'm alot better at doing that now.

I am good at... My eye contact is really good. I like to look at you so that you know I'm with you.

I am still struggling with... My impulse control. I get so excited and I want to play with things the fly, bounce or roll. But I'm learning to be more patient. I'll get there.

I have the most fun when... When I'm spending time with my person and also playing with my toys.

My favorite toy is... I love to chew on my rubber bone and try to get my treats out of my kong.

Wags & Kisses,

Olivia
