Thank you, Sepulveda Building Materials, for sponsoring Ida!

Ida was born April 18, 2024 as part of a litter of five. She is all lab, petite, for now, and has soft brown eyes. Ida left the Guide Dogs of America kennels to begin her journey on June 21, 2024.

Meeting Charlotte

Ida has a sweet disposition and enjoys being with people. She is confidently curious exploring the world and is not at all bothered by loud sounds, including from trash trucks. Ida was quick to learn to sleep through the night - by night three, she was sleeping six hours and she is now at almost 8 hours.

A girl and her toys

Crate training is a work in progress, but we are keeping at it and every day is a bit better.

First crate nap!

Ida had her first puppy kindergarten class at 9 weeks. We worked on her paw pad, name recognition, loose leash walking and even heel. The class was a few hours and Ida was attentive and responsive throughout. As a first time puppy raiser, I was truly amazed.

Practicing tethering

We are off to a tremendous start and are so grateful for the support from Sepulveda Building Materials.

P. S. Thank you for following Ida at @Ida.gdapuppy! We will keep everyone posted on the daily events.
