*Titan is a Labrador, Golden Retriever Cross. Born on January 7, 2013.*

*Webster's dictionary defines Titan as "One who stands out for greatness and achievement" a very fitting name for a future Guide Dog.*

*Titan's is our 9<sup>th</sup> dog we have raised for service. He is very smart, loving and confident. We have very high hopes for this sweet boy.*

*Titan goes to work every day in a Hospital; he is in an office environment with lots of distractions. He is coming along nicely with his training. I hope you enjoy the attached pictures of Titan's first few months with us.*

*Thank You for your continued support of Guide Dogs of America. We are proud and honored to represent Sepulveda Building Materials.*
