There were some Big Characters and Big Pumpkins at the Pumpkin Patch

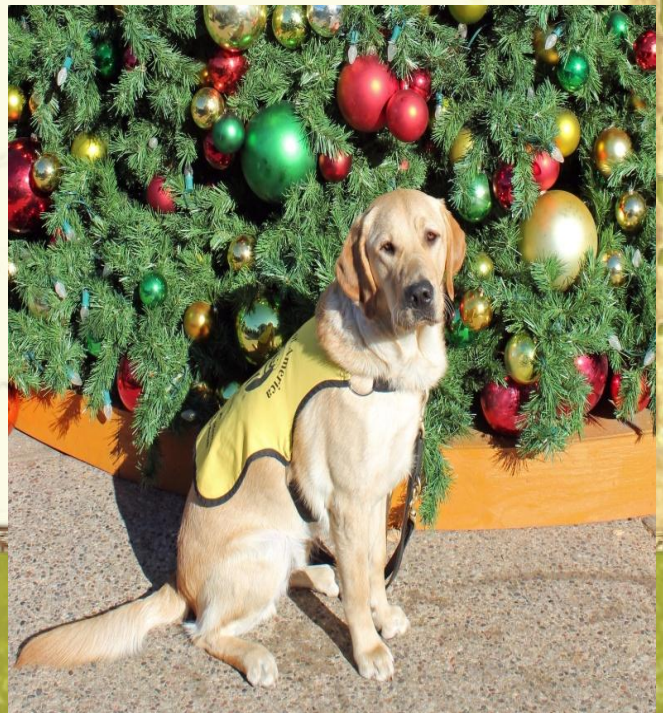

Titan is a Labrador, Golden Retriever Cross. Born on January 7, 2013.

Titan is now 1 year old and tips the scale at 85lbs. Titan has been super busy with all his socialization. He went to the OC Airport and got to walk on the tarmac and see private jets. He enjoyed his first Halloween and Christmas. His calendar fills up fast and has included a trip to Sea World, Santa Anita Race Track, Universal Studios, Ontario Airport where he went through security and even boarding a plane. He even went to see the Rose Parade Floats. Whew, I'm tired just thinking about all the places and miles this boy has logged.

He has been on public transportation, Buses, Metro link and train. He has completed his basic obedience and just completed his "Skills Class" where we upped the distractions with commands. He did very well.

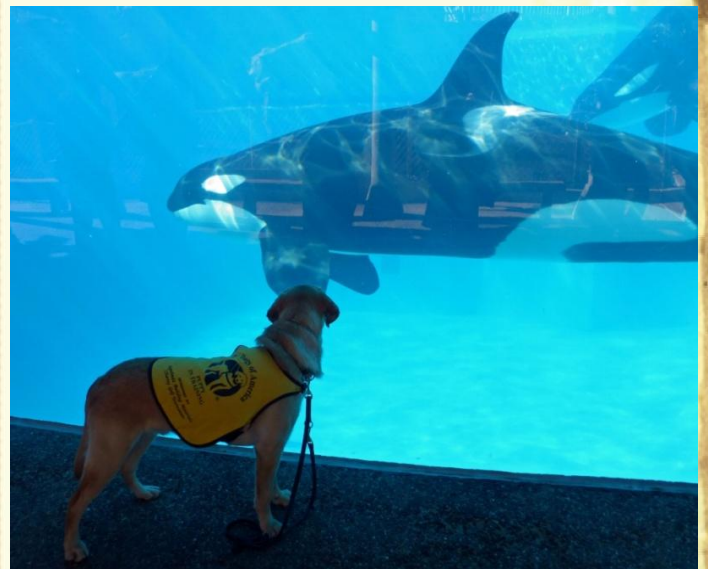

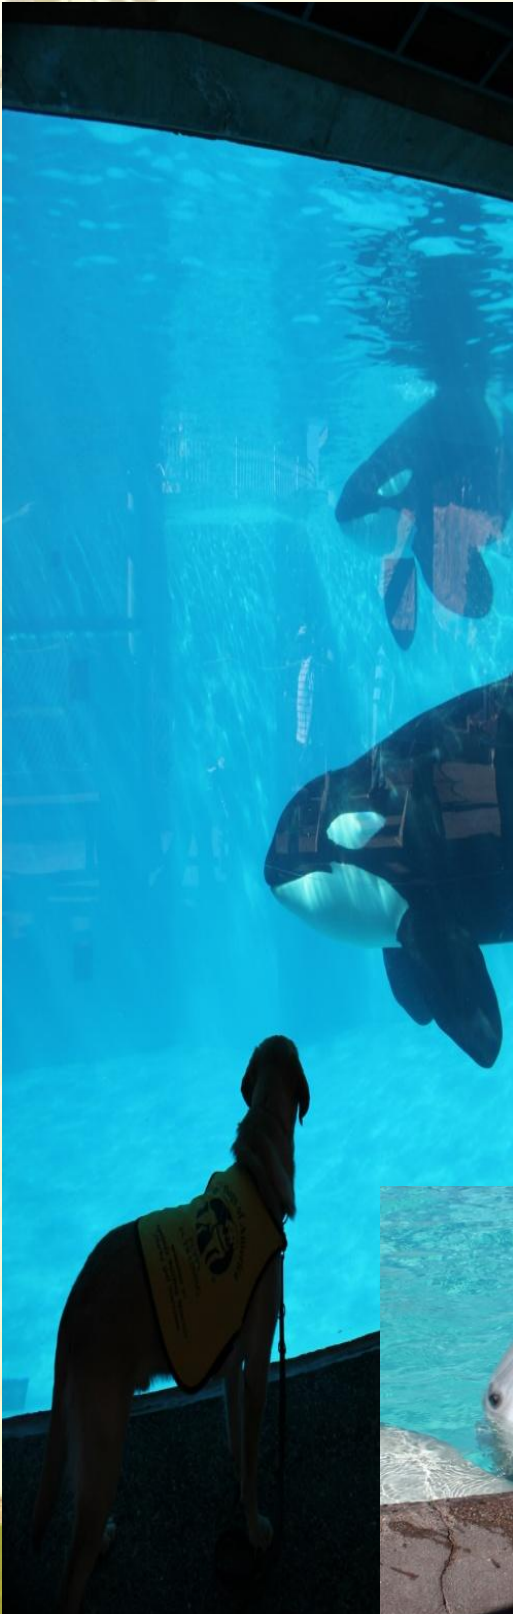

I walked in the Downey Christmas Parade, I tried to help with the Christmas tree lights, I even visited Santa Claus. I like Christmas I received several new toys and bones.

Sea World

*I had a Great Day at Sea World.....
I meet so many new friends and I had no idea
there were so many kinds of Animals &
Mammals.*

*I met Whales, Dolphins, Sea Turtles, Penguins,
Sharks, Rays, Beaver, Porcupine, and a Seal. I
did great in the large crowds but was very
interested in the dolphins...*

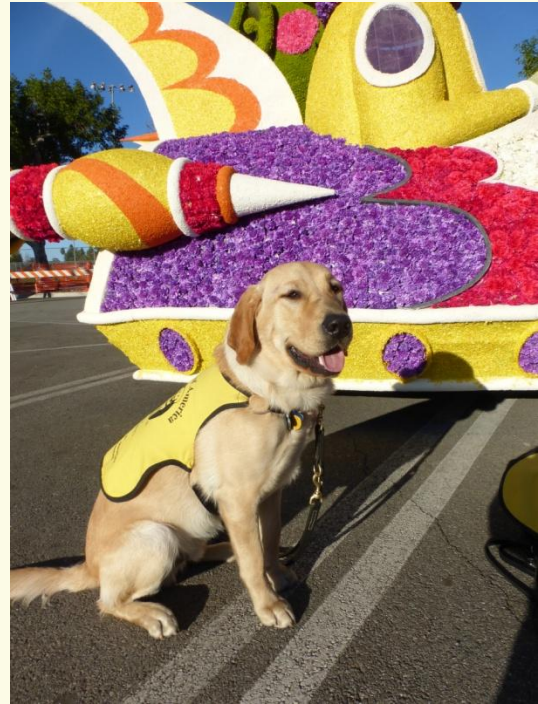

Here is the Beaver I was fascinated with. I just couldn't smell him through the glass....

This Ray came up and touched noses with me.

*...I don't go
...you say Coug
...size garden a
...guyles. St. fane
...point garden*

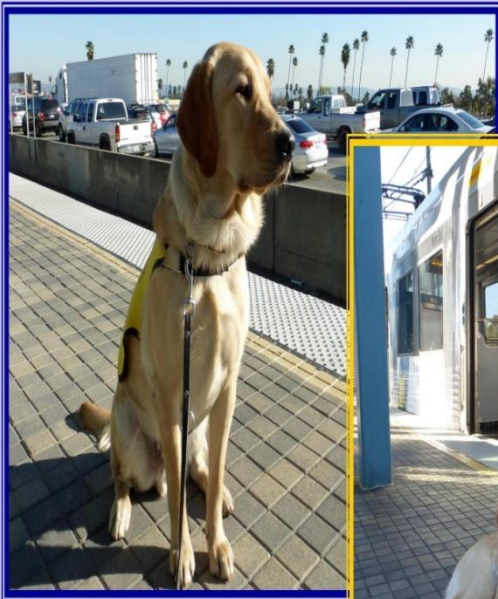

I even went to Pasadena to see the Rose Parade Floats with a few of my other GDA Puppies in training. The floats were covered with beautiful flowers.... They smelled very nice.....

First Metro Ride and Visit to
Universal Studios for "Grinchmas"

December 23, 2013

As we waited for the Metro, Titan watched cars on the freeway and wondered why the drivers don't take the Metro too!!

Here we go! Titan's first
Metro ride! We started on
the GOLD line...

...And made a quick stop at
Union Station to change to
the RED line....Titan was cool
as a cucumber, but wondered
where we were going!

An early morning breakfast while
watching the morning workouts was
a great way to start the new year!
